

REQUIREMENTS FOR EACH WORKER:

- What we require the worker to do:
 - ▣ Wear your PPE (see PPE slide if unsure what the requirements are) and follow all safety procedures designed to keep all people on and around the site safe.
 - ▣ Start each task with a Routine Maintenance Work Permit (or for large projects use a Daily Safe Work Permit).
 - ▣ Complete the JSA for all elevated risk work hazards (see safe work permit filled out in first step – Did you check any of these?).
 - ▣ Complete Critical Task Checklist for all high risk work hazards (see safe work permit filled out in the first step – Did you check any of these?).
 - ▣ Complete Last Minute Risk Assessments – STOP & THINK – see our bulletin on our website if you need a refresher.
 - ▣ Actively participate in your own safety and the safety of those around you. Make this a part of your behaviour.
 - ▣ Actively participate in safety meetings.
